

Getting Ready for the Day

The teacher got to school before the kids. She went to her classroom. She wanted to get the room set for the day. The box for the blocks was locked. She unlocked the box. The blocks were ready. Then, she took out the smocks. The kids would be painting and she didn't want them to get dirty. Next, she set the clock so the time was correct. Tick-tock, tick-tock. Last, she got out the sunblock. Someone would need sunblock before recess. Now, the room was ready. The teacher sat down. She heard a knock. The door opened and the kids flocked in. It was time to start the day.
